**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/19/05 has been entered.

***Allowable Subject Matter***

2. Claims 1-11 are allowed.

***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 2 and 5, the closest prior art of record to Harper fails to teach or suggest the gathering of multiple signal sources (from a plurality of cameras), digitally compressing multiple video/audio signals multiplexed them, and then for transmitting a combined digital program stream. Harper teaches a similar technique but from only a single source (from the instructor's site) to the students, not the reverse situation. In addition, Harper also lacks the step of transmitting the combined digital stream.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
